M M X I V

a 2014 calendar by Jorge Fuentes

seasons MMXIV is a 2014 calendar that consists of four original illustrations inspired by nature.

I'm offering it as a free download. Just like last year's Cosmos MMXIII, it's a little gift to the graphic design community I have borrowed from over the years. That's why I'm once again releasing it under a **Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International license***.

This time around, I have focused on the actual usefulness of the calendar, so I went for a more conservative design.

New this year too: you can buy prints of the illustrations as well as other merchandise, get those at **<http://society6.com/JorgeFuentes>** and support my work!

Have a nice 2014!

- Jorge

**meaning: as long as you don't use it on a commercial project and license your product under the same (or equivalent) license if you decide to share it, you're free to do with it as you please.*
